Dan,

One more follow-up question: I do not see the November 2012 fact sheet on the link you provided. Am I missing it?

And as FYI, we will be linking to these documents on our West Lake Landfill website:

<http://dnr.mo.gov/env/hwp/fedfac/westlakelandfill-ffs.htm>

Shawn, the groundwater monitoring report will be posted to the web in the same place the SFS report is available, before the public meeting. The fact sheets will be posted to the Region's fact sheet page (not specific to West Lake, shows all fact sheets) at <http://www.epa.gov/region7/factsheets/index.htm>

Thanks Dan. Will EPA be posting this fact sheet and the November 2012 fact sheet to the website where the SFS is located? Also I did not see in this fact sheet that the Groundwater Monitoring Report will be posted online prior to the public meeting. Is that correct?
